5. Learned trial Court after close of the prosecution evidence recorded statements of accused under section 342 of the Code of Criminal Procedure who denied the prosecution case, pleaded innocent and stated as follows in answer to the question why this case against you and why the PWs deposed against you?

“The case was registered due to enmity. The PWs have deposed against me due to relationship with the complainant”.

6. However, the accused/appellant did not tender evidence on oath.

7. After hearing both the parties the learned trial Court convicted and sentenced the appellant as mentioned in opening para of this judgment.

8. We have gone through the file. Evidence of the prosecution witnesses as well as statements of the accused have been perused. The relevant portions of the impugned judgments have been scanned.

9. During the course of arguments, leaned counsel for the appellant in support of his contention raised following points:-

- i) that there is delay in lodging the FIR and prosecution has not properly explained this delay.
- ii) that the abductee Mst. Shahnaz Bibi being sui-juris had voluntarily contracted marriage with the accused/appellant.
- iii) that the complainant had clearly mentioned in the FIR that accused/appellant Muhammad Anar Khan developed illicit relations with his daughter prior to her alleged abduction.
- iv) that during investigation the Nikahnama was found to be valid document as per statement of Investigation Officer.
- v) that there are many discrepancies in the statement of alleged victim Mst. Shahnaz Bibi PW.5.
- vi) that if the case against accused/appellant has been proved under Section 10 (2) of the Offence of Zina (Enforcement of Hudood) Ordinance, 1979 then co-accused Lady Mst. Shahnaz Bibi should also be punished.
- vii) that PW.2 who was eyewitness clearly stated that he knew nothing about the occurrence whereas PW.6 the other eyewitness, is close relative, being maternal uncle of the victim.

- viii) that in same set of evidence, PW.2 was declared as hostile witness who was independent witness and neighbour of the complainant.
- ix) that Lady Doctor was not cross examined because marriage between the accused/appellant and victim had been solemnized.
- x) that the witness of Nikah i.e. Nikah Khawan and Secretary, Union Council were given up. If they appeared before the Court then factum of Nikah was to be proved.
- xi) that the application submitted by the complainant before the police has not been exhibited.
- xii) that sole witness, the victim, did not mention the place where intercourse had been committed with her.
- xiii) that PW.6 who was maternal uncle of the victim did not inquire from the victim that where she was going with the accused/appellant Muhammad Anar Khan when this PW had seen both of them sitting in the wagon at Adda Bhera.
- xiv) that the PW.10 Muhammad Yaseen, ASI/I.O. I.O. has verified the Nikah Nama of Mst. Shahnaz Bibi with accused/appellant Muhammad Anar Khan which was found to be correct and legal.
- xv) that trial Court should have called the given up witness of Nikah as a Court Witness but this legal aspect has been ignored by the trial Court.
- xvi) that there is no evidence regarding illicit relation between victim and accused/appellant prior to Nikah as such prosecution has failed to prove such allegation between accused/appellant and victim before Nikah.
- xvii) that learned trial Court has neither taken into consideration the evidence produced by defence side before

trial Court nor documentary evidence Exs.D.A/D.B/D.C were properly considered by the learned trial Court in the judgment.

xviii) that as the complainant has not filed any private complainant in this regard, therefore, the prosecution cannot go out from the challan/FIR case.

xix) that the victim has not filed any suit for jactitation of marriage against the appellant, hence she has accepted the Nikah.

xx) that the victim has not been recovered from the accused/appellant.

xxi) that appellant has taken plea of valid Nikah whereas prosecution did not negate this plea as it was duty of the prosecution to disprove the Nikah Nama of both of them.

xxii) that the prosecution neither got registered any criminal case against the appellant regarding preparation of forged document i.e. Nikah Nama nor filed any suit against these document.

xxiii) that Investigation Officer had not prepared the site plan where the victim was confined by appellant at Rawalpindi.

xxiv) that there are contradictions between the statements of PW.8 and PW.9. As PW.8 says that he produced two sealed phials and one envelope before I.O. whereas PW.9 says that he handed over the parcel to Mukhtar Ahmed PW.8 for onward transmission to the office of Chemical Examiner.

10. On the other hand the learned Additional Prosecutor General, appearing for the State, and learned counsel Mr. Muhammad Tariq Riaz for the complainant Misri Khan supported the conviction of the appellant and

submitted that there was no enmity between the parties to fabricate the false case against the appellant, therefore learned trial Court has rightly relied upon the testimony of prosecution witnesses. He also made the following submission for consideration of the Court:-

- i) that proving of Nikah was duty of the defence.
- ii) that documents produced by defence had not been properly proved as on the face of these documents the name of Mst. Shazia Bibi has been shown instead of Mst. Shahnaz Bibi as such these documents could not be linked with this case before the trial Court, whereas before Lady Doctor also the name of Mst. Shahnaz Bibi is clearly mentioned as a victim.

11. We have carefully analyzed the arguments of the learned counsel for the appellant and the learned counsel for State in the light of evidence on record. It transpires from the record that occurrence took place on 12.08.2006 and FIR was lodged by the complainant on 15.08.2006. The complainant admitted in FIR that illicit relations had been developed with his daughter Mst. Shahnaz Bibi by accused/appellant Muhammad Anar Khan prior to alleged abduction. The minute perusal of the deposition of alleged abductee Mst. Shahnaz Bibi revealed that she did not make any hue and cry during the course of abduction. She was taken to different places by

the accused/appellant and she also lived with him for about three months in Rawalpindi and Chakwal, but she did not complain to any person that she had been abducted by the accused/appellant without her consent. On the contrary she filed a complaint against her father. She controverted the alleged NikahNama simply on the ground that accused/appellant had taken her thumb impressions on different papers. She neither filed any suit for dissolution of marriage nor jactitation suit against the accused/appellant inspite of the allegation that he had taken her thumb impressions on different papers. She was about 19 years of age. All these circumstances show that she being enticed accompanied the accused/appellant. It is also a fact that she refused to recognize the appellant as her husband after she came back to the house of her parents. Mst. Shahnaz Bibi did not have any marks of violence or struggle/resistance against force, when she was medically examined by the Lady Doctor. No weapon has been used during this process or recovered by Investigation Officer. Therefore, this does not fall under Section 11 of the Offence of Zina (Enforcement of Hudood) Ordinance, 1979 but falls under Section 16 of the Offence of Zina (Enforcement of

Hudood) Ordinance, 1979, Enticing and taking away a women with intent to commit illicit sexual intercourse with her is sufficient to constitute an offence under section 16 of the Offence of Zina (Enforcement of Hudood) Ordinance, 1979 even with maneuvered or manipulated consent of that woman. This is admitted fact and there is evidence on record that after enticing/taking away the abductee the appellant kept her with him for about three months. Mere production of Nikahnama, although bearing name of Shazia instead of Mst. Shahnaz Bibi (victim) is not necessary proof of Nikah. The alleged application by the victim (Shahnaz) against her father, is also not in the name of Shahnaz (victim) but in the name of Shazia. Muhammad Saeed real maternal uncle of victim, had seen Muhammad Anar Khan accused/appellant taking Mst. Shahnaz Bibi in a wagon bound for Bhalwal, at bus stop Bhera and that at that time they both were on foot. He also admitted in his cross-examination that Bhera bus stop is a busy place and many people were present at the said bus stop. He also admitted that they did not inquire from Mst. Shahnaz Bibi that where she was going with Muhammad Anar Khan accused/appellant.

12. Consequently for the reasons stated above, the appeal is dismissed, however, with the modification that the conviction and sentence awarded by the learned trial Court under Section 11 of the Offence of Zina (Enforcement of Hudood) Ordinance, 1979 to undergo life imprisonment with fine of Rs. 20000/- and in case of non-payment of fine, to further undergo imprisonment for three months S.I. is converted to that under section 16 of Offence of Zina(Enforcement of Hudood) Ordinance, VII of 1979 with R.I for 7 years and fine of Rs.20,000/- and in default to further undergo three months S.I. as already awarded by the learned trial Court, is maintained. The accused was further convicted under section 10(2) of Offence of Zina(Enforcement of Hudood) Ordinance, VII of 1979 and sentenced of 10 years R.I. with fine of Rs.20,000/- and in default thereof to further undergo three months S.I. The sentence awarded by learned trial Court to appellant Muhammad Anar Khan is reduced from 10 years R.I. to 07 years R.I. in case of default in payment of fine of Rs.20,000/-, he will undergo further imprisonment for three months S.I. Both the sentences shall

run concurrently. Benefit of section 382-B Cr.P.C. extended to the appellant by the learned trial Court is maintained.

13. With the above modifications, the appeal i.e. Cr. Appeal No.36/I/2010 is dismissed.

14. The above are the reasons of our short order passed on 18.08.2011 in the open Court.
